

UKZN Engineering Winter School 10 – 14 July 2017

Confused about which Engineering degree to pursue?

The Engineering Winter School is aimed at grade 11 & 12 learners who would like to learn more about the different disciplines of Engineering.

Conveniently held during the July holidays, learners are hosted at the Unite Building, Howard College, UKZN.

Learners are given the opportunity to participate in fun exercises to better understand Engineering. A field trip is also arranged for the learners.

Cost per learner: R200
